

**World Leader in Sophisticated Packaging Systems***ASF Automatic Uniform Sidedrive Flap Folder***series overview**

The BestPack® ASF series are fully-automatic uniform 4 top flap closing systems designed to be used in front of a uniform semi-automatic carton sealer to convert the operation to an automatic sealing system.

The units are two belt driven (two side belts driven), driven by two 110V UL approved motors. The ASF series is designed with a two column support structure. These units use 60 PSI and 4-5 CFM of air.

A perfect add-on to your already purchased carton sealer. This flap folder can further automate your packaging processes.

**major features**

- *In-line Carton Closure*
- *Adjustable Bed Height from 19.5" to 30.75"*
- *Rugged Construction*
- *Operator Free Design*
- *Cost Effective*
- *Height/Width Adjustments on either side of Machine*
