

USA 2024-BFF *Uniform Semi-Automatic Case Sealer*

USA SERIES

Interpack's USA Series Case Sealers are adjustable, operator fed machines that process same sized RSC style cases. These machines are engineered to provide:

- Industry leading features
- Heavy duty construction for 24/7 operation
- Ergonomic, user friendly operation and case size set up

The USA 2024-BFF improves productivity and ergonomics by assisting the operator with automated assemblies such as extended side drives, "T" rail pack station and top & bottom flap folding.

Every Interpack Case Sealer comes with an HSD 2000-ET II tape head with adaptive technology to provide optimal tape application and wipe down to each of the 3 taped panels of the case.

When you compare features, benefits and value, Interpack Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

Shown with optional casters

USA 2024-BFF FEATURES

- Heavy duty construction will process up to 85 lb. cases
- "T" rail pack table with case forming ski stabilizes the case during packing
- Extended 2" side belt drives power the case through top and bottom flap folding
- Rotating flap plows ensure smooth bottom flap folding
- Additional optional "T" rail tables for narrower or wider cases
- 1/3rd HP motors for 24/7 operation
- Dual column for maximum processing stability
- Slide & lock upper head simplifies case size set up
- Selectable floating upper head processes mild overfills
- Offset tapes heads process cases as low as 2" tall
- Reversible controls for left or right handed operation
