

Introducing Pregis Performance Flexibles

Not all flexible packaging is created equal. Especially at Pregis. Own innovative film solutions meet the increasing consumer demand for convenience and sustainability in food & beverage, CPG and medical-device packaging.

We start by working closely with our clients to understand their ever-evolving goals for film performance and best total cost. Then, we turn to our data-driven process, industry experts and world-class facilities to create an impressive range of core and custom film solutions that match their needs – and our strong commitment to sustainability.

Because elevating the world of flexible performance films should never come at the cost of damaging our own.

Discover the difference of Pregis Performance Flexibles.

Commitment to Sustainability

Revolutionized Customer Experience

Purpose-Built Solutions

Expansive Film Offerings

Pregis Performance Flexibles:
a new solution to meet dynamic industry needs

Products worth protecting deserve Pregis

We are a leading manufacturer of innovative packaging solutions and protective products. We solve our customers' toughest business challenges with packaging so they can create customers for life.

We're proud to do this all while maintaining a material-neutral portfolio.

A Wide-Range of Flexible Films that Integrate Sustainability

Through a series of packaging options, we cover most common performance ranges. Our dedicated team can also custom engineer solutions to meet your needs.

 General-Performance Series	 High-Performance Series	 Barrier Series
<ul style="list-style-type: none">• Highly versatile• Diverse application use• High-quality	<ul style="list-style-type: none">• Built for physical toughness• Modulus forward design• Meets WVTR and other critical performance testing• Accommodates custom formulations	<ul style="list-style-type: none">• Built for oxygen, moisture, odor and chemical requirements• Leverages high-performance series toughness protection• Accommodates custom formulations

Renew™ Series

Our Renew Series is one of the industries most sustainable, high-quality offerings.

- Designed for the circular economy
- Engineered performance with less material
- Maximizing recycled content
- The most sustainable solution per category

Commitment to Sustainability

Protecting our planet, **Preserving** natural resources and **Inspiring** customers, partners and employees is all part of Pregis' commitment of sustainability.

Protecting our Planet

Pregis uses pallet-less shipping, optimized payloads, and reduced shipping weights to protect our customers' products, profit and brand while eliminating damages and re-ships that negatively impact our eco-system.

Preserving Natural Resources

We adhere to a performance-first mentality to create lightweight solutions that incorporate recycled content and meet H2R and APR compliance standards.

Inspiring a Difference

We strive to Inspyre our associates, converter partners and customers to act more sustainably and give back to communities through education, advocacy and partnership with organizations like Alliance to End Plastic Waste and the Sustainable Packaging Coalition.
